inlingua Language Training Services 2023

More than 50 years
of language training expertise
at your fingertips

Languages expand your world

inlingua is one of the world's leading language training organizations.

The legally independent centers are committed to high quality standards and uniform training principles using inlingua products and materials.

Thousands of private clients and employees of large and small companies, institutions and government offices benefit from the inlingua method of language training.

The inlingua Method

The inlingua method is one of the key elements that contribute to learning success. It is based on decades of experience in language training and is continuously evolving to match the needs of a changing world.
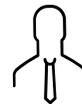

The three main components of the inlingua method are:

Communication First

inlingua Learning Materials

Language Trainers with Mother-Tongue Proficiency

inlingua®

Materials and Services

Print

inlingua Course Books are designed as support material for language training sessions. They are adapted to suit the level, language structure, vocabulary and topic of the learner's choice.

Audios

Each Course Book has audio exercices in the training session or for private practice. All audios are available for download on the inlingua website.

Online Test

inlingua offers free online language placement testing. The test can be taken at any time online, and it is non-binding. If you wish, your results can be sent directly to your center of choice.

= Digital Product

Materials and Services
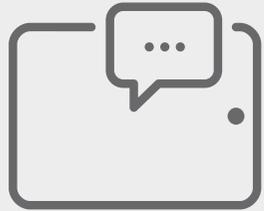

e-books

Our *e-books* are cutting-edge, interative apps providing access to personalized learning content that can be downloaed for (offline) study anywhere, at any time.

Virtual Classroom (my.VC)

The virtual classroom enables learners to learn anywhere, at any time. Lessons take place online with a trainer and only require stable internet access and a computer with integrated audio and webcam. Available for standard and/or conversation sessions.

Online Learning (my.lab)

my.lab provides the opportunity to choose a customized learning path which meets individual needs and enables learners to continue learning outside the classroom. The integrated Gamification features increase the study motivation and lead to rapid progress.
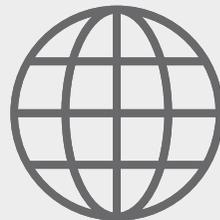

Blended Learning

Blended learning comprises the best of both worlds: in-class and online learning. The blended learning approach can be tailored to create the optimal fit for customers looking for flexibility in their learning.

inlingua®

CEFR Levels

The Common European Framework of Reference (CEFR)
This is an international standard for describing language competence. It describes language ability on a six-point scale, from A1 for beginners, up to C2 for those who have mastered a language.

A1   A2   B1   B2   C1   C2

Beginner   Intermediate   Advanced

Modules

Business English Modules

The modules are a range of programs **dedicated to specific topics and needs**. With 20 specialized topics available, learners can select subjects according to their interests. A basic level, consisting of 3 units is available for a fast-track approach, whereas the main module, with 6 units, provides a more in-depth approach. The majority of the Business English Modules are supported by online material from *my.lab* allowing a convenient, flexible and customized blended learning approach.

Kids Program

DOTS First English

The DOTS program is for children 4 - 5 years old and based on the cognitive development and needs of the children. In-class time is spent learning through acting, singing, saying rhymes and interacting with the material and each other. DOTS promotes faster and more effective learning than other methods and is just plain fun!
